B. Special Emphasis Program Area:

The BRADD continues to attempt to identify and employ qualified minority applicants. Where minority representation in particular areas of the agency is low, the BRADD endeavors to fill vacant positions with qualified minorities. Whenever a planning or advisory body, such as a board or committee is an integral part of BRADD’s programs, the BRADD shall take such steps as are necessary to ensure that minorities are notified of the existence of such bodies and are provided equal opportunity to participate as members. Where members of a board or committee are appointed by the BRADD and where minorities comprise at least 5% of the affected area or the surrounding community, the facility or agency must appoint a minority representative to serve on the board or committee.

The BRADD has also created a Title VI advisory committee to review and make recommendations regarding this implementation plan and to identify areas where improvement is needed. The
The advisory committee is currently composed of three (3) people. The advisory committee shall meet at least once each year.

XIV. LANGUAGE ACCESS PLAN

Barren River Area Development District
Language Access Plan (LAP)
for persons with Limited English Proficiency (LEP) October 2017

The Barren River Area Development District, (BRADD), has established this policy as means to take reasonable steps in ensuring meaningful access to agency services, programs and activities for persons who have limited English proficiency. This plan applies to the federally-funded programs provided through BRADD.

Overview

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000(d) and Executive Order 13166 require that recipients of federal funds take responsible steps to ensure meaningful access by persons with Limited English Proficiency (LEP persons). The BRADD is a recipient of federal funds through the U.S. Department of Housing and Urban Development (HUD), the Federal Highway Administration (FHWA), the Department of Labor, (DOL), and Health and Human Services (HHS) EDA Economic Development Association of Funds, CDBG, for a portion of its programs and, thus, is obligated to reduce language barriers that can preclude meaningful access by LEP persons to DLG programs.

Definitions

For the purposes of this plan:

a. **Grantee** means the BRADD.

b. **Recipient** means the BRADD. This means any entity that receives any federal HUD assistance, directly from BRADD or from another Recipient. This includes, but is not limited to, any unit of local government, public housing authority, community housing development organization, public or private nonprofit agency, developer, private agency or institution, mortgagor, limited dividend sponsor, builder, property manager, resident management corporation, resident counsel or cooperative association. Recipient also includes any successor, assignee or transferees of any such entity, but does not include any ultimate beneficiary under the respective federal grant program.

c. **LEP** means Limited English Proficiency. Persons who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English, and may be entitled to language assistance with respect to a particular type of service, benefit or encounter.
d. LAP means Language Access Plan.

**Four-Factor Analysis**

There are four (4) flexible, fact-dependent factors to be considered in developing language materials and a Limited English Proficiency plan. The following four-factor analysis will serve as the guide for determining which language assistance measures will be undertaken to guarantee access to BRADD's federally funded programs by LEP persons. Additionally, all future recipients of federal assistance are required to use the same four-factor analysis prior to the release of funds.

1. The number or portion of LEP persons eligible to be served or likely encountered through its federally funded programs.

   a. For determining the LEP population, BRADD utilized the U.S. Census Bureau Language Use data (ACS-DP02) for Language Spoken at Home and English-Speaking Ability by State (See Appendix A).

2. The frequency with which LEP individuals come in contact with the designated federal programs.

   a. BRADD does not provide direct assistance to individuals. All BRADD funds are awarded to units of local government, certified contractors or nonprofit agencies. As a result, LEP persons rarely come into contact with the respective federal grant program at this level. However, during periods of public comment, some citizen participation may be directed to the BRADD.

3. The nature and importance of the program, activity or service provided by the federal programs.

   a. BRADD does not provide direct assistance to individuals. All BRADD funds are awarded to units of local government, certified contractors or nonprofit agencies. As a result, LEP persons rarely come into contact with the respective federal grant program at the state level. However, during periods of public comment, some citizen participation may be directed to the BRADD.

4. The resources available to the recipient and the cost. There are two types of assistance service – oral (interpretation) and written (translation).

   a. Given the resources currently available to BRADD, the LAP measures appear reasonable.
Types of Language Assistance to be Provided by BRADD

As stated previously, although LEP persons rarely come into contact with BRADD programs at the regional level, some citizen participation matters are directed to the BRADD, particularly during periods of public comment. Therefore, BRADD has determined it will make available, upon request, translations of its federal grants action plans and amendments. If there is a consistent need for translations, by populations of LEP Kentuckians, BRADD will consider additional appropriate measures to serve the language access needs of those persons.

Requirements for Recipients

Recipients of federal funds awarded or drawn through BRADD are required to ensure that meaningful access to services is assured for their LEP clients. Recipients must provide language assistance services that result in timely, accurate, and effective communication at no cost to LEP clients and/or their beneficiaries. Such language assistance services are to be provided in accordance with the guidelines set forth in the U.S. Department for Health and Human Services “Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons” and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-Discrimination in Federally-Assisted Programs of the Department of Transportation effectuation of Title VI of the Civil Rights Act of 1964. BRADD is available to assist Recipients in identifying and developing appropriate language assistance measures.

If an application is funded, the local government or nonprofit agency will be required to conduct a four-factor analysis, develop a LAP, if necessary, and provide a description of outreach efforts during the Letter of Conditional Commitment stage. Particular attention will be given to plan details for projects including acquisition and/or relocation, housing rehabilitation, and/or water/sewer hookups.

In order to determine if language assistance is required by recipients of federal funds through BRADD, all Recipients are required to follow the measures outlined below.

1. Conduct the four-factor analysis prior to advertising for application public hearing.

2. If the four-factor analysis reveals there are 1,000 or more LEP persons, or 5 percent or more LEP persons in the eligible population in the jurisdiction or among current beneficiaries, the applicant will provide appropriate language assistance by: 1) translating all vital documents; 2) posting notices of application public hearings in areas frequented by LEP persons of the threshold population(s) in the language(s) spoken; and 3) providing translation services at public hearings, if requested to do so by LEP persons.

3. If the four-factor analysis reveals there are less than 50 LEP persons but 5 percent or more LEP persons in the eligible population in the jurisdiction or among current beneficiaries, the applicant will provide appropriate language assistance by: 1) posting notices of application public hearings in areas frequented by LEP persons of the threshold population(s) in the language(s) spoken; and 3) providing translation
services at public hearings, if requested to do so by LEP persons.

4. If the four-factor analysis reveals there are less than 50 LEP persons and less than 5 percent LEP persons in the eligible population in the jurisdiction or among current beneficiaries, the applicant will provide appropriate language assistance by: 1) providing translation services at public hearings, if requested to do so by LEP persons.

If a LAP is required, the Recipient’s LAP will include certifications that LAP has been developed, adopted, and will be implemented for all Federally-funded projects. The Recipient’s LAP will include an identification of all LEP populations exceeding 1,000 or five percent of total jurisdiction population, whichever is less, the identification of materials to be made available to LEP persons, the means by which the materials will be made available to LEP persons, and the identification of any other translation services which may be necessary. Recipients will be monitored for implementation of their LAPs.

**Monitoring, Evaluation and Updating**

All agencies receiving federal funds through the BRADD will report annually on services provided to LEP persons. Agencies will review their respective plans each year to evaluate their effectiveness and to make any needed changes. BRADD will assist agencies in finding appropriate translation resources, and disseminate translated HUD notices, brochures, posters and other documents.

BRADD will monitor the delivery of any required language assistance on an ongoing basis. It will review the LAP, evaluate the effectiveness of its implementation, and update the LAP, on an annual basis, in order to ensure continued responsiveness to community needs.

The LAP evaluation will consist of:

- Revision of the LAP, as necessary, by monitoring changes in demographics and services provided, updating available resources and tools, modifying methods of implementation and addressing any issues of concerns.

- Analysis of language assistance usage, including the amount of language service requests, surveying the languages most frequently encountered, identifying the primary modes of communication, and costs associated with services rendered.

- Assessment of response to requests by LEP individuals and Recipients regarding the delivery of language assistance services.
Availability and Access

The BRADD LAP is available to the public on our website at www.bradd.org. This information is available in a form accessible to persons with disabilities, and others, upon written request to: Executive Director, BRADD, 177 Graham Avenue, Bowling Green, Kentucky, 42101.

Citizens, public agencies and other interested parties will have reasonable and timely access to information and records relating to the LAP. All public records under KRS Statute 61.870-884 will be made accessible to interested individuals and groups during normal working hours.

Complaints

At any time, citizens may submit complaints related to the LAP by writing the Executive Director, BRADD, 177 Graham Avenue, Bowling Green, Kentucky, 42101.

The BRADD will provide a written response to every written citizen complaint that relates to the BRADD LAP within 15 working days.

Supporting documentation on code lists, subject definitions, data accuracy and statistical testing is found on the American Community Survey (ACS) website, Data and Documentation section. Sample size and data quality measures (including coverage rates, allocation rates and response rates) can be found on the ACS website in the Methodology section.

Although the ACS produces population, demographic and housing unit estimates, it is the U.S. Census Bureau’s Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

XVI. ENVIRONMENTAL JUSTICE (EJ)

Executive Order (E.O. 12898) was issued to focus federal attention on the environmental and human health conditions in minority and low-income communities to promote non-discrimination in federal programs substantially affecting human health and the environment and to provide minority and low-income communities access to public information on and an opportunity for public participation in matters relating to human health or the environment.

The BRADD will utilize the US Census Bureau data, the American Community survey data, and the following checklist to identify targeted populations:

- Make a list of potential demographic groups to consider for the region or start with the required EJ populations defined by the Executive Order and supportive guidance

- Consider groups that are underrepresented in typical public involvement and transportation decision making processes, have limited access to the full benefits of the transportation system, or have encountered disproportionate impacts from past transportation decisions

- Decide on the level of detail required for identifying groups spatially and identifying data sources to use to conduct a spatial demographic profile

- Engage leaders and representatives of demographic groups to help identify target populations, spatially and non-spatially
